The mark of quality forming.

***The cab designers' task:
More comfort,
economy and freedom
of movement
for the operator.***

Your health is our priority.

Your efficiency forms the basis of your farm's economy.

To help you maintain your health and efficiency, we have equipped the new DEUTZ 07 C with our own integrated and tailor made cab, incorporating more technology. You now have more comfort and freedom of movement; The tidy floor-space, optimal arrangement of all control levers, and effective silencing and excellent ventilation make the cab of the new 07 C a first-class operating environment.

This doesn't make your working day shorter, it's true, but more enjoyable and less tiring.

Get in the new DEUTZ 07 C.

Sit down and stretch yourself out – you'll see what we mean!

D 7807 C

We've made a clean sweep.

Look at the main features of the new DEUTZ 07 C:

- Wide access
- Large cab platform
- Suspended pedals
- Quick-to-hand side levers
- Comfortable seats
- Excellent fresh-air ventilation
- Good all-round vision
- Effective silencing
- Plenty of room to move about

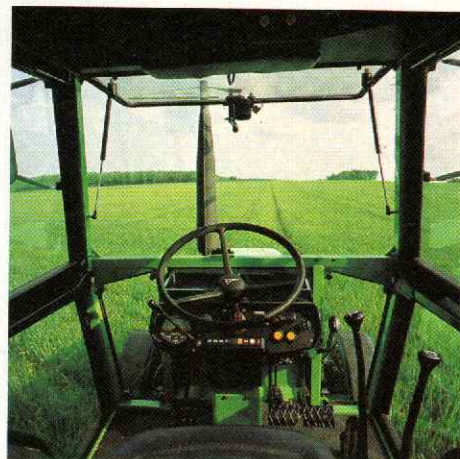

The economic solution.

The new DEUTZ 07 C.

Get in - access is no problem!

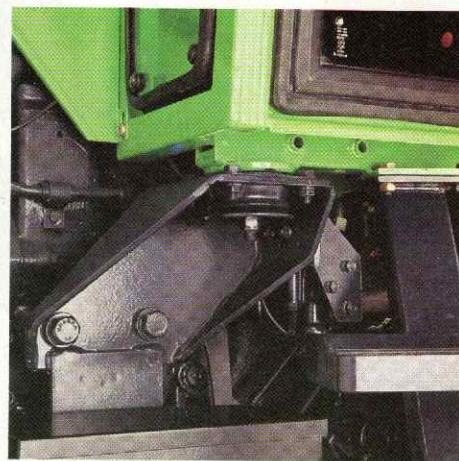

Non-slip steps, wide rear-hinged door, small steering wheel, level cab platform – it's easy to get in and out of.

Ideal, all round vision.

Through large windows reaching down to floor-level, you can see everything you need to see: front wheel, track, furrows and mounted implement.

The spacious DEUTZ cab sets new standards, with real freedom of movement.

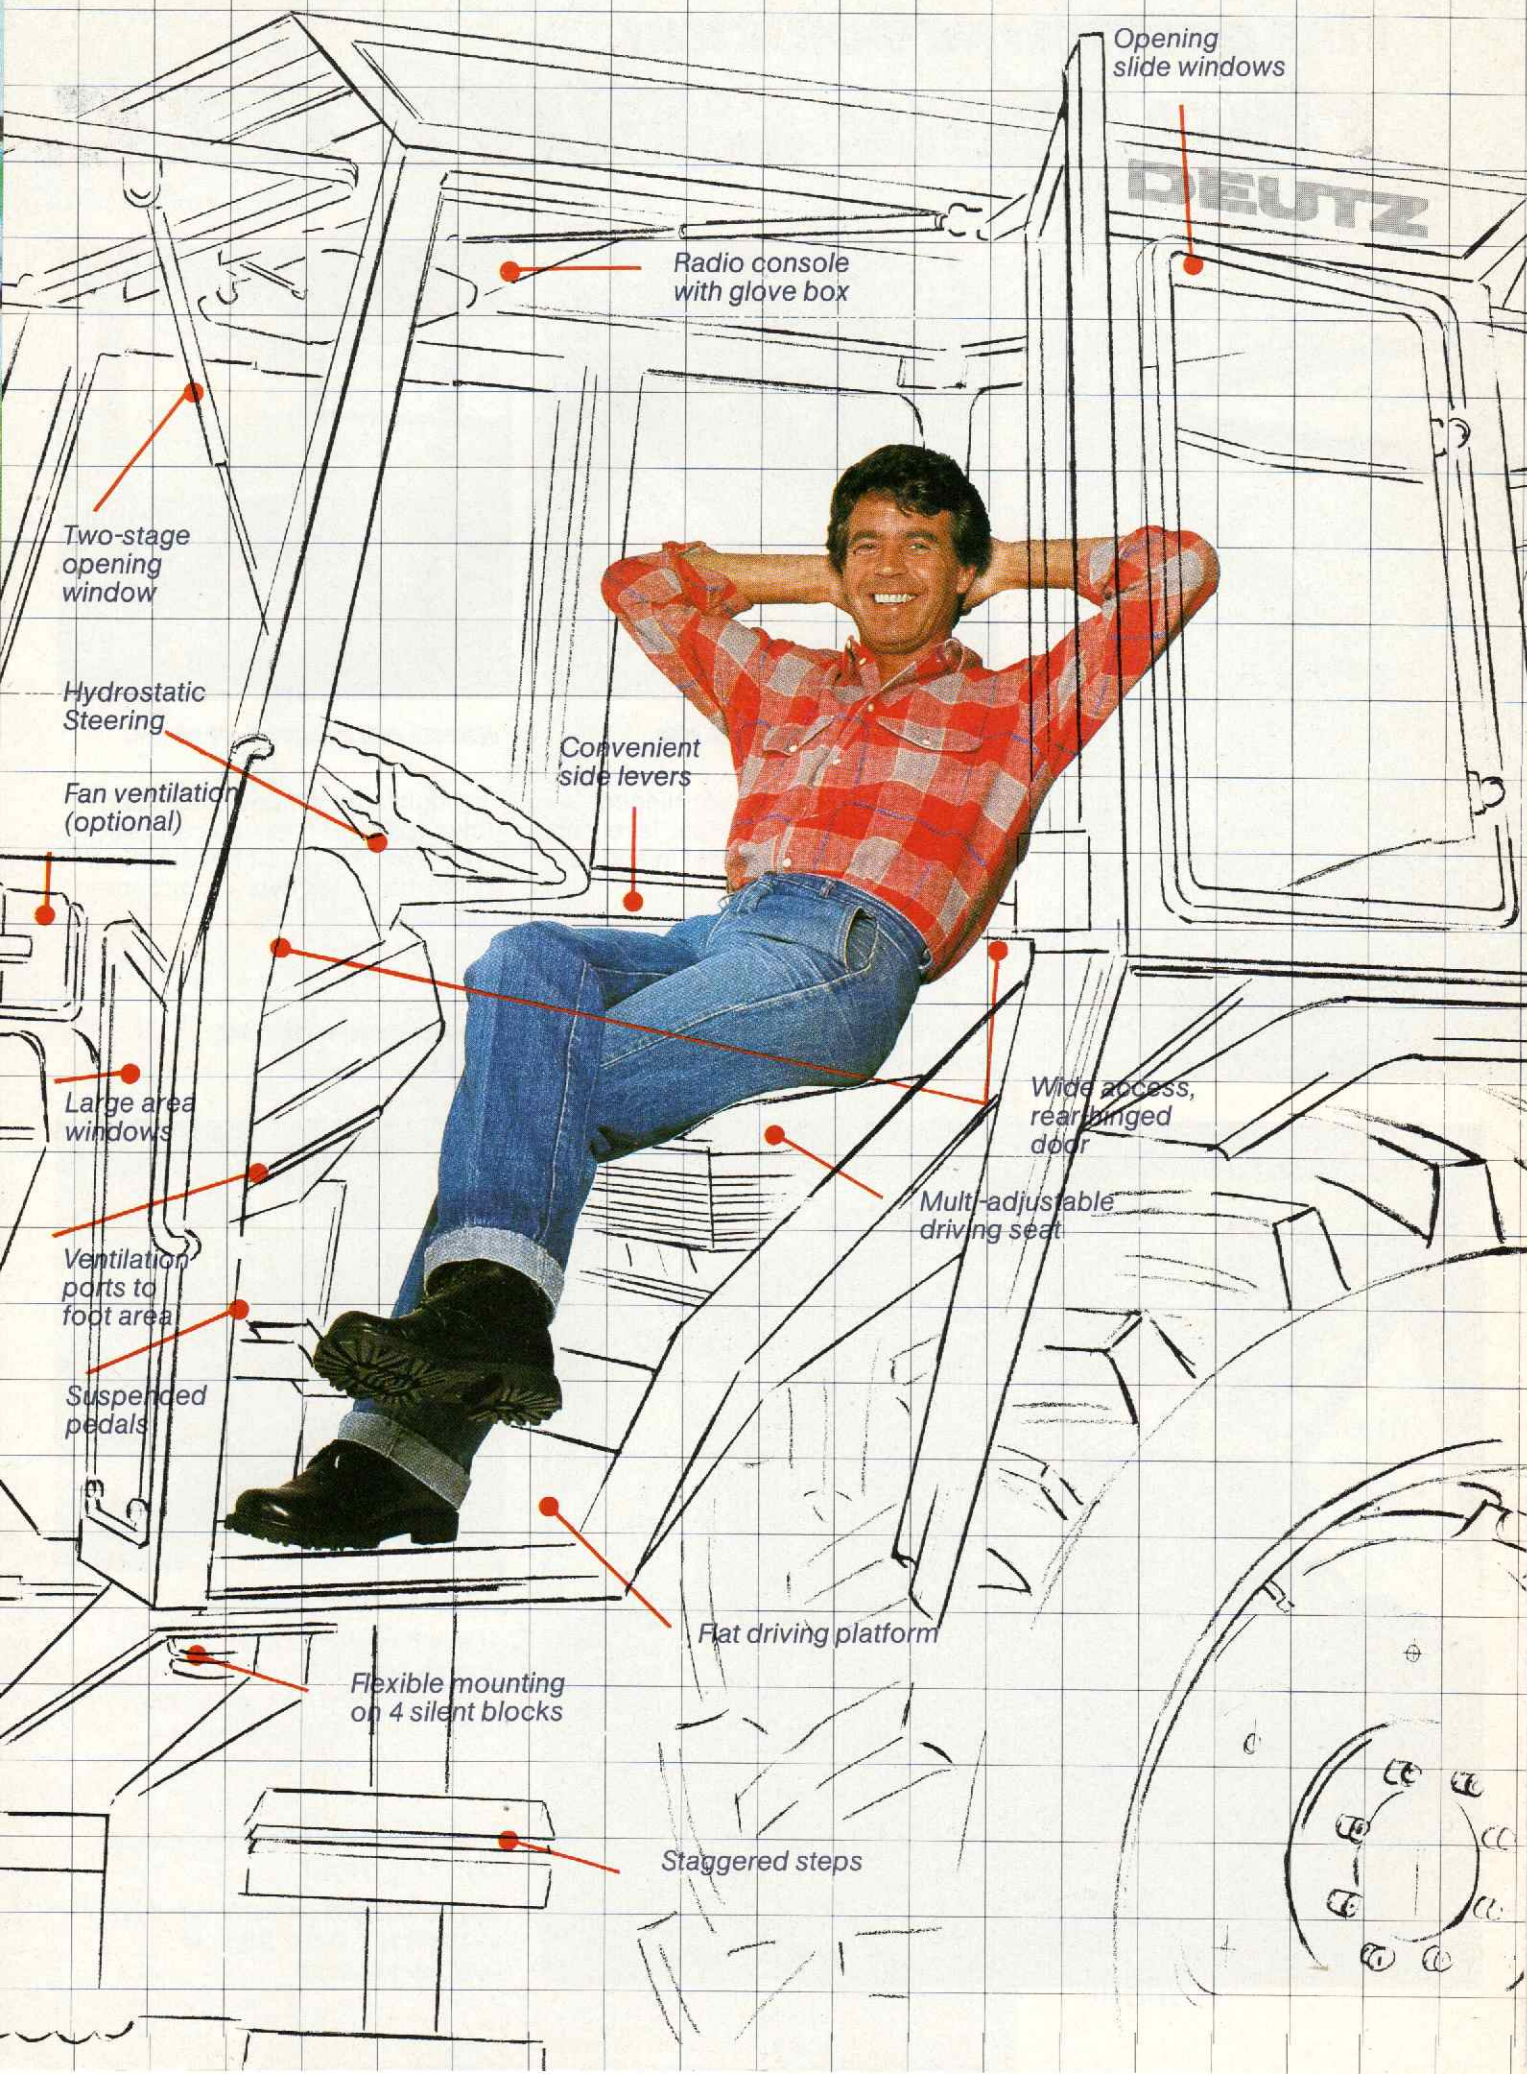

Low-noise design.

The cab is on rubber mounts, of course, and this together with additional features gives effective noise-insulation.

Take a seat in the new DEUTZ 07 C!

Spread yourself out in comfort and see if we're right!

DEUTZ-FAHR Dealers provide the link between a quality product and customer satisfaction. For details of specifications and prices of DEUTZ tractors and options offered in Australia and New Zealand please contact your local DEUTZ-FAHR dealer. He, with his staff, is equipped and trained to provide information, service and spare parts, and is a vital part of the local DEUTZ-FAHR program of providing quality products and reliable customer support.

The tractors shown in the illustrations are operating in various European countries and may be fitted with equipment not available in Australia and New Zealand. Please contact your DEUTZ-FAHR Dealer for details.

Illustrations, dimensions, weights and data given without obligation and subject to change without notice.

Special Note

This leaflet was published overseas and the equipment, special optional equipment and technical data referred to are applicable only to the equipment as sold overseas. The particular equipment shown in this leaflet should be used as a guide and before making a decision to purchase, please consult your local Deutz/Fahr dealer for particulars on how this equipment is offered for sale in Australia and New Zealand.
