TODAYS BEST VALUE THE NEW 'NINE' SERIES OF ZETOR TRACTORS

**EXTRA TRACTION — EXTRA FUEL ECONOMY
EXTRA COMFORT — EXTRA SAFETY
AS STANDARD FEATURES**

TRACTION

Zetor's long wheel base, superb power to weight ratio has proved an unbeatable combination in winning all classes in both 2 & 4 WD sections of the Ammo-Phos pulling competition held at the National Fieldays, Hamilton over the past 4 years.

FUEL ECONOMY

Zetors well proven reliable direct injection diesel engine now incorporates an advanced design combustion chamber developed by ingenious Czechoslovakian technology giving better combustion, higher H.P., lower fuel bills and the only tractor manufacturer in the world to have a smoke emission below the standard set by the O.E.C.D.

COMFORT

Zetors newly designed Q cab has a decibal rating well below 85 making long hours of work a pleasure instead of a strain. Redesigned controls for easier operation. Independent front sprung hubs on 2.W.D. reducing driver fatigue working rough ground. Deluxe sprung seat.

SAFETY

Zetors Q cab is of a four poster design fully safety tested to O.E.C.D. standard with safety glass all round. This cab incorporates a flat operators platform for safe and easy access. Clutch pedal operated safety start device. Seat belts fitted to keep you safe at the controls in all terrains. Hydraulic self equalising and adjusting brakes.
