StableLoc

[icon]   Green - On

GPS Button

[icon]   Green - Differential GPS   [icon]   Yellow - GPS Only   [icon]   Gray - No GPS
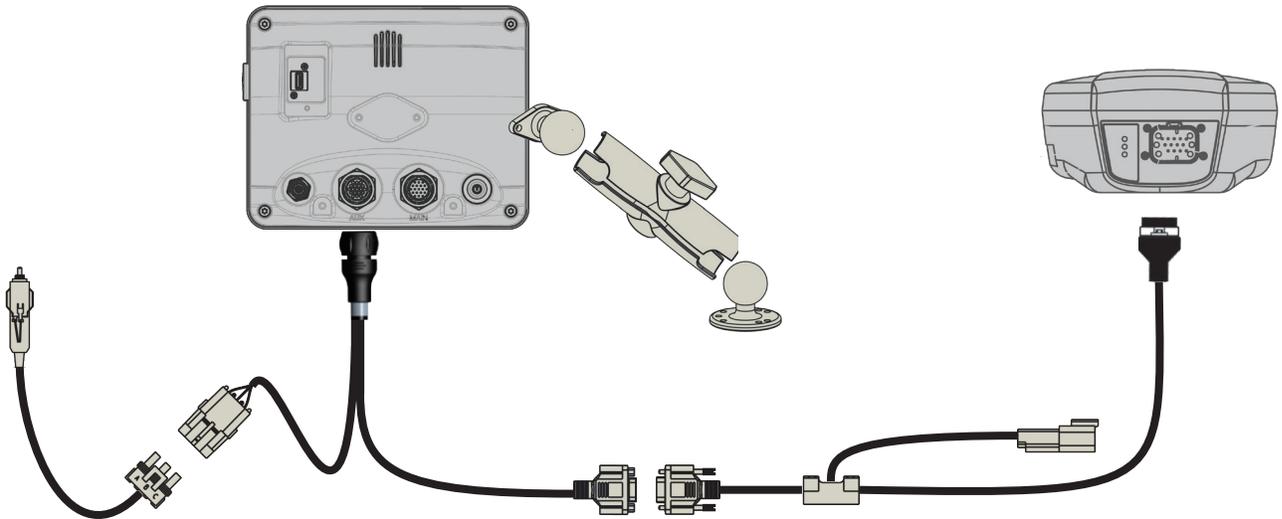

Quick Reference Guide

Connecting the System

Note: Mount the display to a secure support inside the vehicle cab taking the following into consideration:
• The display must be readily accessible to the machine operator
• The display must not obstruct the operator's normal driving view nor interfere with existing machine controls
