

**There's a Steiger
four-wheel-drive
for your farm.**

There are several reasons you buy a four-wheel-drive tractor. The most obvious is that you need more power to get your farming done right and on time.

But you shouldn't buy a tractor just because of its size. There are a number of other factors you should take into consideration, important things like reliability, heft, economy of operation, engine make and displacement, and transmission type.

Steiger has prepared this brochure to give you some points of comparison. We invite you to look at the other four-wheel-drive tractors on the market. Compare them with the Steiger line. You'll see that no other manufacturer offers you such a wide range of strong, durable, well built machines. And no other machines can do so much for your farm.

A Steiger tractor gives you:

The power you need.

Whatever Steiger you choose, you can be confident you're getting the engine power you need, along with an efficient drivetrain that translates engine horsepower into drawbar horsepower with minimal power loss.

The durability you need.

Steigers are built to last, with the toughest materials and components available. And Steigers are built by people who are skilled craftsmen and take pride in their product.

The features you want.

Steigers are available with a full range of options, including one you can't get on any other tractor—automatic transmission. This feature has proved immensely popular among farmers who hire help to drive the tractors. Because it's easier to drive, wear and tear are kept to a minimum on the transmission and the rest of the tractor alike.

FOUR-WHEEL-DRIVE
TRACTORS**

BEARCAT

225-hp Bearcat

The Steiger line starts at 225 horsepower with the ST Bearcat. The Bearcat gives you more for your horsepower dollar, and keeps on giving it to you.

SPECIFICATIONS:

Engine make & model: Cat 3306DIT—225 (168kW) engine hp
Drawbar horsepower: 197.97* (147.6kW)
Transmission: 20-speed constant mesh with 14" (335.6mm) two-plate, dry clutch
Weight: 24,700 lbs. (11,204kg)
Cab sound level: 77.5 dB(A)*

A better tractor and a better choice.

COUGAR

250-hp Cougar

The ST-250 gives you big power in a mid-size Steiger. It has a Caterpillar diesel engine that delivers 250 horsepower to make big jobs a lot easier.

SPECIFICATIONS:

Engine make & model: Cat 3306DITA—250 (186kW) engine hp
Drawbar horsepower: 205** (152.9kW)
Transmission: 20-speed constant mesh with 14" (355.6mm) two-plate, dry clutch
Weight: 25,000 lbs. (11,340kg)
Cab sound level: 79 dB(A)**

280-hp Cougar

Caterpillar powered
Engine model: 3406 DIT
Engine horsepower: 280 (209kW)

Drawbar horsepower:
PTA—244.39* (182.7kW)
ST—257.39* (191.9kW)
Transmission:
PTA—10-speed automatic
ST—20-speed constant mesh with 15½" (393.7mm) two-plated dry clutch

Weight:
PTA—27,600 lbs. (12,545 kg)
ST—25,600 lbs. (11,612 kg)
Cab Sound level:
PTA—76.5 dB(A)
ST—77.5 dB(A)

Cummins powered
Engine model: NT 855C
Engine horsepower: 280 (209kW)

Drawbar horsepower:
PTA—249.05* (187.7 kW)
ST—256.45* (191.2 kW)
Transmission:
PTA—10-speed automatic
ST—20-speed constant mesh with 15½" (393.7mm) two-plated dry clutch

Weight:
PTA—27,600 lbs. (12,545 kg)
ST—26,100 lbs. (11,864 kg)
Cab Sound level:
PTA—75.5 dB(A)*
ST—79.0 dB(A)*

PANTHER

310-hp Panther

At 310 horsepower, the ST-310 Panther gives you power and durability. The PTA-310 is available with Steiger-matic automatic transmission.

SPECIFICATIONS:

Engine make & model: Cummins NTA-855C—310 (231kW) engine hp
Drawbar horsepower: ST-310: 261** (194.6kW); PTA-310: 250** (186kW)
ST Transmission: 20-speed constant mesh with 15½" (393.7mm) two-plate, dry clutch
PTA Transmission: 10-speed automatic
Weight: ST-310: 26,700 lbs. (12,111kg); PTA-310: 28,400 lbs. (12,909kg)
Cab sound level: ST-310: 81 dB(A)**; PTA-310: 70 dB(A)**

325-hp Panther

The Steiger ST-325 Panther is the most popular of the regular Steiger line. As the PTA-325, it comes fully automatic.

SPECIFICATIONS:

Engine make & model: Cat 3406T—325 (242kW) engine hp
Drawbar horsepower: ST-325: 281.94* (210.2kW); PTA-325: 276.69* (206.33kW)
ST Transmission: 20-speed constant mesh with 15½" (393.7mm) two-plate, dry clutch
PTA Transmission: 10-speed automatic
Weight: ST-325: 26,900 lbs. (12,202kg); PTA-325: 27,600 lbs. (12,545kg)
Cab sound level: ST-325: 80.5 dB(A)*; PTA-325: 75.5 dB(A)*

TIGER

450-hp Tiger

A big, tough Steiger for maximum pulling power and rugged use.

SPECIFICATIONS:

Engine make & model: Caterpillar 3408DITA—450 (336kW) engine hp
Drawbar horsepower: 365** (272.4kW)
Transmission: Allison CLT-5965 Powershift
Weight: 40,400 lbs. (18,364 kg)
Cab sound level: 78 dB(A)**

470-hp Tiger

Our heaviest and strongest tractor, the ST-470 gets you through the toughest jobs.

SPECIFICATIONS:

Engine make & model: Cummins KTA-1150—470 (351kW) engine hp
Drawbar horsepower: 387.31* (289kW)
Transmission: Allison CLT-5965 Powershift
Weight: 40,400 lbs. (18,364kg)
Cab sound level: 75.5 dB(A)*
